Thanks Valois: this summarizes these concerns concisely. I made a few edits.

Were we going to also summarize estimated Class III permit-related costs relative to NRC license-related costs?

Hi Douglas,
Thanks to Rick's summary, it was much easier for me to reorganize and summarize Powertech's comments on the Class III permit under a few main topics.

The *List of Powertech Class III Comments* shows all the comments reorganized under the topics, in case you want to see the specific comments under each topic.

Thanks for putting these summaries together, Rick! That made it much easier for me to reorganize the comments under a few main topics.

Please check the attached summaries to see if I captured Powertech's main concerns.

Thanks!
